DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

ACTIV perfectKliks

Ultra-concentrated liquid detergent

Low temperature performance | Versatile use | Material friendly

Product profile

- ACTIV perfectKliks is extremely material friendly thanks to its natural soaps and enzymes and absence of bleaching agents while offering highest compatibility with all types of textiles allowing therefore a versatile use independently of water type, dirt level or water hardness.
- Thanks to its composition of natural soaps and enzymes ACTIV perfectKliks achieves an excellent washing performance even at 30°C for an outstanding economic use.
- Majorly composed of renewable resources, ACTIV perfectKliks takes on the responsibility for future generations.
- Optimized as system for energy and resource saving, it has to be used through automatic distribution. ACTIV perfectKliks can be either used alone or in combination with further Kliks products, such as SYSTEM powerKliks.
- KLIKS is a closed system with a clever packaging design providing maximum user safety and hygiene while guaranteeing the complete emptying of the product and a space saving disposal.

Area of application

- ACTIV perfectKliks is suitable for all type of textiles and all temperatures.
- Suitable for all types of professional washing machines. Only to be used with automatic dosing equipment.
- Use ACTIV perfectKliks according to the dosage instructions (depending on the water hardness and degree of soil of the laundry). Water hardness information can be provided by your local water company.
- ACTIV perfectKliks is specially developed to be used on microfiber textiles.

Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserve for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.
