

# BIOBACT scent

## Biotechnological odour eliminator

### Sustainability Information

#### Sustainable Contribution

- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- 94% of organic carbon processed in BIOBACT scent originates from renewable plant resources

#### Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

#### Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- BIOBACT scent is formulated from readily biodegradable raw materials

#### Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO<sup>2</sup> and crude oil can be saved with Green Care Professional products, visit: [get.wmprof.com](http://get.wmprof.com)

#### Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

#### Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

#### Company certificates of Management Systems

**EMAS:** Most demanding system for sustainable environmental

**DIN ISO 14001:** Internationally recognized environmental management system

**DIN ISO 50001:** Internationally recognized energy management system

**DIN ISO 9001:** Internationally recognized quality management system

**EcoVadis:** Provider of business sustainability ratings

# BIOBACT scent

## Biotechnological odour eliminator

Effective odour control | Long-lasting cleanliness | Material friendly

### Product profile

- Instead of simply masking bad odours, BIOBACT scent effectively breaks down organic substances, such as urine and food residues which are the root cause of foul-smelling environment. The added perfume leaves a nice and pleasant scent in the room.
- Thanks to long-lasting microbial activity, BIOBACT scent even prevents the new build-up of organic dirt on a regular use.
- By the complete abandonment of hazardous ingredients, BIOBACT scent is a material friendly odour eliminator, and therefore versatile in use (e.g. sanitary, old people's homes, restaurants, hotels, etc.).
- Made of 100% natural microorganisms, BIOBACT scent is safe in use and safe for the environment.
- BIOBACT scent comes in a highly sustainable bottle made of 100% recycled plastic sourced from the „Yellow bag” (post-consumer recycle).

### Area of application

- Ideally suitable for all water resistant floorings, the area around public toilets, urinals, bathtubs, drains but also for textiles, furniture, and other surfaces with odour causing soiling.
- Suitable for scrubber driers.
- Shake well before use.
- NOTE: Do not mix with disinfectants, bacteriological products, strongly alkaline or acid liquids. This will significantly reduce its effect.
- The storage and transport temperature of BIOBACT scent should not exceed 30°C.

### Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserve for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.

### Sales units:

**1114709** - 8 x 500 ml

**1114708** - 10 x 1 l

pH value

### Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

Shake before use.

**concentrated**

#### Intensive drain and sanitary odour control:

Add 50ml 1-2 times per week in drains and toilets with last working step. Do not flush afterwards.

**25% - conc.**

#### Drain and odour control:

Make sure the surface is dry. Dose generously.

#### Spot treatment:

Remove physical residues. Apply generously so that the area is wetted. Allow solution to work.

**concentrated**

#### Odour eliminator for surfaces and textiles:
