

BIOBACT scent

Biotechnological odour eliminator

Sustainability Information

Sustainable Contribution

- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- 94% of organic carbon processed in BIOBACT scent originates from renewable plant resources

Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- BIOBACT scent is formulated from readily biodegradable raw materials

Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO₂ and crude oil can be saved with Green Care Professional products, visit: get.wmprof.com

Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

Company certificates of Management Systems

EMAS: Most demanding system for sustainable environmental

DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

BIOBACT scent

Biotechnological odour eliminator

Effective odour control | Long-lasting cleanliness | Material friendly

Product profile

- Instead of simply masking bad odours, BIOBACT scent effectively breaks down organic substances, such as urine and food residues which are the root cause of foul-smelling environment. The added perfume leaves a nice and pleasant scent in the room.
- Thanks to long-lasting microbial activity, BIOBACT scent even prevents the new build-up of organic dirt on a regular use.
- By the complete abandonment of hazardous ingredients, BIOBACT scent is a material friendly odour eliminator, and therefore versatile in use (e.g. sanitary, old people's homes, restaurants, hotels, etc.).
- Made of 100% natural microorganisms, BIOBACT scent is safe in use and safe for the environment.
- BIOBACT scent comes in a highly sustainable bottle made of 100% recycled plastic sourced from the „Yellow bag” (post-consumer recyclate).

Area of application

- Ideally suitable for all water resistant floorings, the area around public toilets, urinals, bathtubs, drains but also for textiles, furniture, and other surfaces with odour causing soiling.
- Suitable for scrubber driers.
- Shake well before use.
- NOTE: Do not mix with disinfectants, bacteriological products, strongly alkaline or acid liquids. This will significantly reduce its effect.

Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserve for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.

Sales units:

1114709 - 8 x 500 ml

1114708 - 10 x 1 l

pH value

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

Shake before use.

concentrated

Intensive drain and sanitary odour control

Add 50ml 1-2 times per week in drains and toilets with last working step. Do not flush afterwards.

25% - conc.
