

# BIOBACT scent

## Eliminator biotechnologic de mirosuri

### Sustainability Information

#### Sustainable Contribution

- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- BIOBACT scent with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard

#### Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

#### Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- BIOBACT scent is formulated from readily biodegradable raw materials

#### Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO<sup>2</sup> and crude oil can be saved with Green Care Professional products, visit: [get.wmprof.com](http://get.wmprof.com)

#### Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

#### Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

#### Company certificates of Management Systems

**EMAS:** Most demanding system for sustainable environmental

**DIN ISO 14001:** Internationally recognized environmental management system

**DIN ISO 50001:** Internationally recognized energy management system

**DIN ISO 9001:** Internationally recognized quality management system

**EcoVadis:** Provider of business sustainability ratings

# BIOBACT scent

## Eliminator biotehnologic de mirosuri

Effective odour control | Long-lasting cleanliness | Material friendly

### Product profile

- În loc să mascheze pur și simplu mirosurile neplăcute, parfumul BIOBACT descompune eficient substanțele organice precum urina și reziduurile alimentare, care sunt sursa mirosurilor neplăcute.
- Datorită activității sale microbiene de lungă durată, parfumul BIOBACT combate mirosurile neplăcute existente. Și, cu o utilizare regulată, chiar previne reparația acestora.
- Deoarece nu conține ingrediente periculoase, parfumul BIOBACT este un eliminador de mirosuri prietenos cu materialele și, prin urmare, versatil în aplicarea sa (de exemplu, în toalete, aziluri de bătrâni, restaurante, hoteluri etc.).
- Parfumul BIOBACT este fabricat din microorganisme 100% naturale și este sigur de utilizat și ecologic (fără simboluri de pericol).
- Parfumul BIOBACT vine într-o sticlă sustenabilă fabricată din plastic 100% reciclat din sistemul german de reciclare.

### Area of application

- Ideally suitable for all water resistant floorings, the area around public toilets, urinals, bathtubs, drains but also for textiles, furniture, and other surfaces with odour causing soiling.
- Suitable for scrubber driers.
- Shake well before use.
- NOTE: Do not mix with disinfectants, bacteriological products, strongly alkaline or acid liquids. This will significantly reduce its effect.

### Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserve for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.

### Sales units:

1114708 - 10 x 1 l

716814 - 8 x 500 ml

716813 - 10 x 1 l

pH value

### Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

Shake before use.

**concentrated**

#### Intensive drain and sanitary odour control

Add 50ml 1-2 times per week in drains and toilets with last working step. Do not flush afterwards.

**25% - conc.**

#### Drain and odour control

Make sure the surface is dry. Dose generously.

#### Spot treatment

Remove physical residues. Apply generously so that the area is wetted. Allow solution to work.

**concentrated**

Odour eliminator for surfaces and textiles
