DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

BRILLANT proKliks

High performance rinse-aid for soft and osmosis water

Very high shine | For soft and osmosis water | Economic in use

Product profile

- BRILLANT proKliks has an excellent rinsing performance especially in soft or even osmosis water.
- Thanks to its combination of highly effective surfactants and natural alcohol BRILLANT proKLIKS reduces drying time and leaves an exceptional shine on dishes and cutlery while preventing the development of undesirable foam.
- It neutralizes alkaline residues of the cleaning bath thanks to organic acid.
- Majorly composed of renewable resources, BRILLANT proKliks takes on the responsibility for future generations.
- KLIKS is a closed system with a clever packaging design providing maximum user safety and hygiene while guaranteeing the complete emptying of the product and a space saving disposal

Area of application

- BRILLANT proKliks is for all types of dishwashing machines using soft or osmosis water, e.g. big ribbon and single-tank machines.
- Use in combination with green care ENERGY KLIKS products.

Ingredients, handling, storage and environmental instructions
