

CREAM lemon

Scouring Cream

Sustainability Information

Sustainable Contribution

- Certified with the European Ecolabel (DE/020/381)
- Developed to fulfill the Austrian Ecolabel
- Registered in the positive list of 'DIE UMWELTBERATUNG'
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- 45% of organic carbon processed in CREAM lemon originates from renewable plant resources

Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- CREAM lemon is formulated from readily biodegradable raw materials

Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO₂ and crude oil can be saved with Green Care Professional products, visit: get.wmprof.com

Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

Product certificates

Company certificates of Management Systems

EMAS: Most demanding system for sustainable environmental

DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

CREAM lemon

Scouring Cream

Powerful cleaning | Material friendly | 75% European rapeseed oil surfactants

Product profile

- CREAM lemon is an ecologically formulated scouring cream for hard surfaces in the sanitary and food processing sectors. It ensures powerful cleaning due to 75% European rapeseed oil-based surfactants, while respecting the biological cycles, caring for people's health and cleaning staff's safety.
- Meanwhile enhancing the work safety – it is compared to current products less aggressive to hands -, it quickly removes persistent soiling/scaling without scratching the surface thanks to the optimized fine granularity of the marble powder and without microplastics.
- Low cost-in-use - in contrast to other cleaners, only a small amount of the product is needed.
- Majorly composed of renewable resources, CREAM lemon takes on the responsibility for future generations.

Area of application

- CREAM lemon is ideally suitable for cleaning all ceramic, enamel, and stainless-steel surfaces in the kitchen and sanitary areas.
- CREAM lemon is gentle to skin and surfaces and especially intended to be used against incrustrated soil on glass surfaces, glass-ceramic and induction cooktops.
- Care should be taken with sensitive plastic surfaces: shiny surfaces may faint, matt surfaces may be polished.

Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserve for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.

Product variants

715798 - 10 x 500 ml

715799 - 10x 500 ml
