

ENERGY bar

Detergent for small dishwashers

Sustainability Information

Sustainable Contribution

- Certified with the European Ecolabel (DE/038/049)
- Registered in the positive list of 'DIE UMWELTBERATUNG'
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- ENERGY bar with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard

Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- ENERGY bar is formulated from readily biodegradable raw materials

Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO₂ and crude oil can be saved with Green Care Professional products, visit: get.wmprof.com

Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

ENERGY bar

Detergent for small dishwashers

Ecolabel certified | For all water hardnesses | High performance

Product profile

- ENERGY bar is an excellent detergent for small dishwashers with a high cleaning performance, for all water hardnesses.
- Highly effective even with heavy soiling due to an innovative and sustainable complexing system without NTA, EDTA and Phosphates.
- Thanks to its high concentration ENERGY bar allows low dosing, making the detergent effective and cost saving.
- Due to its intensive and powerful cleaning agents ENERGY bar is suitable for dishes, glasses, cutlery and cookware and guarantees perfect degreasing as well as elimination of tea and coffee stains and burnt residues.
- In order to preserve dishes and machines, ENERGY bar enables a gentle washing process and extends machines life span due to its special lime deposits preventing formula.
- Outstanding cleaning results when used in combination with BRILLANT bar.
- Majorly composed of renewable resources, ENERGY bar takes on the responsibility for future generations.

Area of application

- For all kinds of small dishwashers, e.g., single-tank machines.
- Suitable for all alkali-resistant dishes and cutleries.
- Do not use for dishes and cutleries made of aluminum and silver.
- Dosage according to water hardness: soft water: 0,5 - 1 g/L | medium-hard water: 1 - 2,5 - g/L | hard water: 2,5 - 4 g/l.
- Dose according to the degree of water hardness, which can be provided by your local water company.

Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserve for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.

Sales units:

717262 - 4 x 2 l

pH value
