ENERGY classic

Detergent for professional dishwashers

Ecolabel certified | For soft to medium-hard water | Economic

Product profile

- ENERGY classic is an efficient detergent for dishwashers with a reliable cleaning performance, specially in soft and medium-hard water conditions, while respecting highest sustainability standards due to an innovative complexing system without NTA, EDTA and Phosphates.
- Due to its effective cleaning agents ENERGY classic is suitable for dishes, glasses, cutlery and cookware.
- In order to preserve dishes and machines, ENERGY classic enables a gentle washing process and extends machines life span due to its special lime deposits preventing formula.
- Reliable cleaning results when used in combination with BRILLANT classic.
- Majorly composed of renewable resources, ENERGY ultra takes on the responsibility for future generations.

Area of application

- For all types of dishwashing machines e.g., conveyor and single-tank dishwashers.
- Suitable for alkali-resistant dishes and cutlery.
- Do not use for dishes and cutlery made of aluminum and silver.
- Dose in relation to degree of water hardness: soft water: 2-3 g/L | medium hard water: 3-4 g/L | hard water: 4-5 g/L
