

ENERGY proKliks

High performance dishwashing detergent for soft and osmosis water

Sustainability Information

Sustainable Contribution

- Certified with Cradle to Cradle Certified® Bronze
- Certified with the European Ecolabel (AT/038/005)
- Developed to fulfill the Austrian Ecolabel
- Registered in the positive list of 'DIE UMWELTBERATUNG'
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- ENERGY proKliks with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard
- 39% of organic carbon processed in ENERGY proKliks originates from renewable plant resources

Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- ENERGY proKliks is formulated from readily biodegradable raw materials

Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO₂ and crude oil can be saved with Green Care Professional products, visit: get.wmprof.com

Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

Product certificates

Cradle to Cradle Certified® is a registered trademark of the Cradle to Cradle Products Innovation Institute.

Company certificates of Management Systems

DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

ENERGY proKliks

High performance dishwashing detergent for soft and osmosis water

Powerful cleaning | Soft and osmosis water | Excellent stain removal

Product profile

- The unique hybrid polymer backbone of ENERGY proKLIKS is of natural origin and not synthetic which gives it its exclusive colour while providing outstanding residue-free cleaning results.
- Thanks to its innovative system of fully biodegradable amino acid based sequestering agents as alternative to phosphate, NTA and EDTA it prevents lime scale deposits while ensuring a boosting effect leading to an unmatched grease and stain removal in soft and osmosis water.
- Its ultra-concentrated formula enhances lowest dosing and economic consumption.
- Majorly composed of renewable resources, ENERGY proKliks takes on the responsibility for future generations.
- KLIKS is a closed system with a clever packaging design providing maximum user safety and hygiene while guaranteeing the complete emptying of the product and a space saving disposal.

Area of application

- ENERGY proKliks is suitable for all types of dishwashing machines, e.g. big ribbon and single-tank machines.
- It is applicable for all alkali-resistant dishes and cutlery, it thoroughly washes plates, glasses, pans and pots. Do not use for dishes and cutlery made of aluminum and silver!
- Use in combination with green care BRILLANT Kliks products.
- Dose according to the degree of water hardness, which can be provided by your local water company.

Ingredients, handling, storage and environmental instructions
