ENERGY topKliks

High performance dishwashing detergent for medium and hard water types

Powerful cleaning | Medium hard to hard water types | Excellent stain removal

Product profile

- ENERGY topKliks is ideal for use in difficult water conditions.
- Thanks to its innovative system of fully biodegradable amino acid based sequestering agents as alternative to phosphate, NTA and EDTA ENERGY topKLIKS prevents lime scale deposits.
- Thanks to its high alkalinity ENERGY topKLIKS is the ultimate solution to guarantee outstanding grease and stain removal through powerful cleaning.
- Majorly composed of renewable resources, ENERGY topKliks takes on the responsibility for future generations.
- KLIKS is a closed system with a clever packaging design providing maximum user safety and hygiene while guaranteeing the complete emptying of the product and a space saving disposal

Area of application

- ENERGY topKliks is suitable for all types of dishwashing machines, e.g. big ribbon and single-tank machines.
- It is applicable for all alkali-resistant dishes and cutlery, it thoroughly washes plates, glasses, pans and pots. Do not use for dishes and cutlery made of aluminum and silver!
- Use in combination with green care BRILLANT Kliks products.
