DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

ENERGY ultra

Hard water detergent for professional dishwashers

High performance | EU-Ecolabel certified | For hard water

Product profile

- ENERGY ultra is an excellent detergent for dishwashers with a high cleaning performance, specially in hard water and under extreme conditions, while respecting highest sustainability standards due to an innovative and sustainable complexing system without NTA, EDTA and Phosphates.
- Thanks to its high concentration ENERGY ultra allows low dosing, making the detergent effective and cost saving.
- Due to its intensive and powerful cleaning agents ENERGY ultra is suitable for dishes, glasses, cutlery and cookware and guarantees perfect degreasing as well as elimination of tea and coffee stains and burnt residues.
- In order to preserve dishes and machines, ENERGY ultra enables a gentle washing process and extends machines life span due to its special lime deposits preventing formula.
- Outstanding cleaning results when used in combination with BRILLANT ultra.
- Majorly composed of renewable resources, ENERGY ultra takes on the responsibility for future generations.

Area of application

- For all kinds of dishwashers, e.g., big ribbon and single-tank machines.
- Suitable for all alkali-resistant dishes and cutleries.
- Do not use for dishes and cutleries made of aluminum and silver.
