DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

GLASS cleaner

Glass & Window Cleaner

Increased user safety | High performance | Streak-free

Product profile

- GLASS cleaner is a glass and window cleaner with exceptional environmental properties, which is based on fermentation ethanol (spirits). Respecting biological cycles, it cares for people's health and cleaning staff's safety.
- Meanwhile enhancing the work safety, the extraordinary power of GLASS cleaner assures cleaning performance with minimal efforts and costs.
- Whilst the pH neutral formulation is gentle to skin, GLASS cleaner easily removes grime, grease and nicotine sediments from all glass and mirror surfaces.
- The product saves time and effort by drying quickly and without leaving streaks, keeping the material's original shine.
- Majorly composed of renewable resources, GLASS cleaner takes on the responsibility for future generations.

Area of application

- GLASS cleaner is suitable for all glass and mirror surfaces indoors and outdoors, such as windows, mirrors and glass cabinets.
- GLASS cleaner is also suitable for Inox as well as stainless steel.

Ingredients, handling, storage and environmental instructions
