

GREASE starKliks

High performance kitchen degreaser

Sustainability Information

Sustainable Contribution

- Certified with Cradle to Cradle Certified® Gold
- Certified with the European Ecolabel (AT/o2o/o12)
- Developed to fulfill the Austrian Ecolabel
- Registered in the positive list of 'DIE UMWELTBERATUNG'
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- GREASE starKliks with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard

Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- GREASE starKliks is formulated from readily biodegradable raw materials

Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO² and crude oil can be saved with Green Care Professional products, visit: get.wmprof.com

Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

Product certificates

Cradle to Cradle Certified® is a registered trademark of the Cradle to Cradle Products Innovation Institute.

Company certificates of Management Systems

EMAS: Most demanding system for sustainable environmental

DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

GREASE starKliks

High performance kitchen degreaser

Outstanding performance | Saving packaging waste | Safe closed-loop

Product profile

- GREASE starKliks degreases easily various alkaline resistant surfaces and equipments within the kitchen and food processing areas without leaving residues, making working easier with one single product.
- GREASE starKliks is easy to use and can be applied manually and mechanically (e.g. with sprayer or foam pistols).
- Meanwhile enhancing the work safety, it achieves very good results when used on stubborn incrustations. In particular for stove and grill areas.
- Majorly composed of renewable resources, and due to its specific conception, which makes the use of this product suitable for food processing areas, GREASE starKliks takes on the responsibility for future generations.
- GREASE starKliks is part of the Kliks system which allows a controlled dosing for maximum application safety, a full cost-control and an attractive cost-in-use, while minimizing waste volumes.

Area of application

- GREASE starKliks is suitable for use in food processing areas such as kitchen counters, cutting machines, refrigerators, wash basins, kitchen devices, vapor hoods, ovens, microwaves, convection ovens, alkali-resistant flooring, etc.
- Also suitable for (most of) the convection and steam oven with an integrated washing system.
- Not suitable for aluminum, enamel, unsealed wood and non-alkaline resistant surfaces.
- To be used in combination with a dosing device for safe and accurate dosing.

Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserve for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.

Sales units:

715195 - 2 x 2 l

pH value

Application and Dosing

To be used with dosing equipment.

5-50 ml/l

Dose in relation to application and degree of soil. Follow below instructions.

≤ 25%

Spray directly or onto a suitable cloth and wipe the surface. Rinse with water.

Manual application

Can be used on metal surfaces.

Can be used in warm & steam ovens or grills.
