DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

LONGLIFE complete

Ultra-performance floor polish

Simple in use | Care & polish | Less re-soiling

Product profile

- LONGLIFE complete provides the complete solution for highest standards in coating of hard and elastic floors combined with exceptional environmental properties.
- Meanwhile enhancing the work safety, LONGLIFE complete assures outstanding durability and resistibility even against alcohol and skin disinfectants as well as a long-life pleasant appearance and gloss.
- LONGLIFE complete is completely user safe due to its time-saving processability even on damp linoleum floors, its reduced slip hazard whilst stripping and its easy-to-use features. Its certification according DIN 18032-2 proves outstanding slip resistance.
- LONGLIFE complete is as flexible as an elastic coating, extremely adhesive and elastic and therefore, suitable for elastomer (rubber) flooring and areas with high point load.
- This product works ideally in a system with LINAX complete, which easily removes even multi-layer LONGLIFE complete polymer films.
- By the complete abandonment of hazardous ingredients such as zinc, TBEP and fluorinated levelling agents, LONGLIFE complete takes on the responsibility for future generations.
- LONGLIFE complete can also be used as a permanent pore filler and as a primer on all porous and absorbent floor coverings.

Area of application

- Suitable for all metal surfaces (except kitchen sink) like stainless steel, anodic aluminium or brass.
- Also suitable for steel-furniture, counters, doors, elevators, mouldings, window frames and fittings.
- Do not use on kitchen sinks.
