

# LONGLIFE polish

## High-gloss green polish

### Sustainability Information

#### Sustainable Contribution

- Developed to fulfill the Austrian Ecolabel
- Registered in the positive list of 'DIE UMWELTBERATUNG'
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- LONGLIFE polish with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard

#### Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

#### Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- LONGLIFE polish is formulated from readily biodegradable raw materials

#### Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO<sup>2</sup> and crude oil can be saved with Green Care Professional products, visit: [get.wmprof.com](http://get.wmprof.com)

#### Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

#### Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

#### Product certificates

#### Company certificates of Management Systems

**EMAS:** Most demanding system for sustainable environmental

**DIN ISO 14001:** Internationally recognized environmental management system

**DIN ISO 50001:** Internationally recognized energy management system

**DIN ISO 9001:** Internationally recognized quality management system

**EcoVadis:** Provider of business sustainability ratings

# LONGLIFE polish

## High-gloss floor polish

Universal | Safe | Cost-efficient

### Product profile

- LONGLIFE polish is an universal floor polish with exceptional environmental properties. Therefore, it cares for people's health and cleaning staff's safety.
- Meanwhile enhancing the work safety, this easy-to-use floor polish enhances every floor independent of its original condition. It is easily applied and delivers reliable coating results with only two layers of dispersion.
- The low risk of powdering, its good polishing abilities and the possibility to easily restore the film makes LONGLIFE polish a reliable and durable floor polish. Its certification according DIN 18032-2 proves outstanding slip resistance for increased safety.
- This product works ideally in a system with LINAX stripper, which easily removes even multi-layer LONGLIFE polish polymer films.
- By the complete abandonment of hazardous ingredients such as metal-salts, TBEP, fluorinated levelling agents, silicone-surfactants and perfume, LONGLIFE polish takes on the responsibility for future generations.

### Area of application

- LONGLIFE polish is suitable for universal use on all coatable flooring especially flexible flooring made of PVC, linoleum, natural rubber and other special synthetic materials. Also suitable for use on hard flooring, e.g. natural stone and sealed wooden floors.
- Not to be used on polished stone floors, stoneware tiles, as well as on unsealed wood.
