

LONGLIFE stone

Long-lasting, high-gloss emulsion polish

Sustainability Information

Sustainable Contribution

- Developed to fulfill the Austrian Ecolabel
- Registered in the positive list of 'DIE UMWELTBERATUNG'
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- LONGLIFE stone with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard

Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- LONGLIFE stone is formulated from readily biodegradable raw materials

Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO² and crude oil can be saved with Green Care Professional products, visit: get.wmprof.com

Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

Product certificates

Company certificates of Management Systems

EMAS: Most demanding system for sustainable environmental

DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

LONGLIFE stone

Long-lasting, high-gloss emulsion polish

Long-lasting | High gloss | For stone floorings

Product profile

- LONGLIFE stone is a high gloss, wear and tear resistant emulsion polish for natural and artificial stone floorings.
- As a safety aspect the caring LONGLIFE stone is slip-resistant because of the contained powerful care components even under strong frequentation.
- The cost- and time-saving LONGLIFE stone is highly resistant to heel marks and soils even during highest strains.
- High-speed-polishing increases the durability, produces a preservation of the surface and reduces resoiling.
- The protective film of LONGLIFE stone has a high filling capacity and provides a uniform, high gloss appearance after the first application.
- By the complete abandonment of hazardous ingredients such as zinc, TBEP, perfume, and fluorinated levelling agents, LONGLIFE stone takes on the responsibility for future generations.

Area of application

- Convenient for stone floorings, natural or fabricated, including absorbent stone floors.
- Do not use on glazed tiles and fine stone surfaces.

Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserve for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.

Sales units:

716062 - 2 x 5 l

pH value
