DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

MANUDISH evoKliks

Ultra concentrated manual dishwashing liquid

Outstanding performance | Saving packaging waste | Safe

Product profile

- MANUDISH evoKliks is a liquid detergent suitable for the manual cleaning of all kitchen utensils and preserving the life span of materials.
- The excellent degreasing properties, thanks to the formula's surfactant-combination, ensure an effortless dishwashing process.
- Its powerful formulation makes MANUDISH evoKliks suitable even for a quick soaking of incrustated and burnt fat residues, thus enhancing a time-saving cleaning process.
- The eco-effective development with the latest sustainable formulation options contributes to the preservation of human health and nature.
- MANUDISH evoKliks is part of the Kliks system which allows a controlled dosing for maximum application safety, a full cost-control and an attractive cost-in-use.

Area of application

- Suitable for manual dishwashing in combination with a hand pump for safe and accurate usage.
- Do not use in dishwashers.
- Soak kitchen utensils to be cleaned and wash with cloth, brush or scouring pad.
