

# SANET extreme

Sanitarno sredstvo za čiščenje i uklanjanje kamenca visokih performansi

## Sustainability Information

### Sustainable Contribution

- Certified with the European Ecolabel (DE/020/382)
- Registered in the positive list of 'DIE UMWELTBERATUNG'
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- SANET extreme with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard

### Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

### Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- SANET extreme is formulated from readily biodegradable raw materials

### Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO<sup>2</sup> and crude oil can be saved with Green Care Professional products, visit: [get.wmprof.com](http://get.wmprof.com)

### Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

### Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

### Product certificates

### Company certificates of Management Systems

**EMAS:** Most demanding system for sustainable environmental

**DIN ISO 14001:** Internationally recognized environmental management system

**DIN ISO 50001:** Internationally recognized energy management system

**DIN ISO 9001:** Internationally recognized quality management system

**EcoVadis:** Provider of business sustainability ratings

# SANET extreme

## Sanitarno sredstvo za čišćenje i uklanjanje kamena visokih performansi

Supreme lime dissolving | Extremely fast | Natural easy to clean effect

### Product profile

- Uz inovativnu formulu, SANET extreme postiže dokazane vrhunske rezultate u pogledu rastvaranja kamena i uklanja naslage i slojeve kamena izuzetno brzo.
- Takođe, uobičajene nečistoće u sanitarnim prostorima, kao što su naslage sapuna, naslage urina, ostaci kozmetike ili rđa, jednostavno se uklanjaju.
- Prirodan efekat jednostavnosti čišćenja postiže se efektivnim uklanjanjem mineralnih i organskih nečistoća bez ostataka. Voda može neprekidno da protiče u sanitarnim objektima, na elementima i površinama.
- Neka sanitarne površine ponovo zasijaju bez dodatnih radova.
- Zahvaljujući formuli koja je blaga prema materijalima, SANET extreme doprinosi čišćenju uz očuvanje vrednosti kod svih uobičajenih elemenata, kao što su hromirane površine, keramičke pločice i predmeti od porcelana.
- SANET extreme pruža sve prednosti efektivnog, ekonomičnog sredstva za sanitarno čišćenje koje štedi vreme.
- Njegov prijatan miris pruža osećaj svežine u sanitarnoj prostoriji.

### Area of application

- Suitable for all acid resistant surfaces in the enīe bath and sanitary area, for example űes, chromed armatures, porcelain, stainless steel, stoneware, rubber űes etc.
- Not suitable for acid sensitive natural stones (e.g. marble) and acid sensitive surfaces such as enamel and Polyamid.
- Test material compatibility before use, particularly on plasűs. Rinse with fresh water, particularly if used in concentrated application.

### Ingredients, handling, storage and environmental instructions
