EcoVadis: Provider of business sustainability ratings

SANET spray

Ready-to-use sanitary maintenance cleaner

Refreshing scent | Versatile | High performance

Product profile

- SANET spray is a high-performing ready-to-use cleaner for the removal of all common soilings in the sanitary areas, e.g. lime scale, lime soap, greasy and cosmetic residues.
- SANET spray is simple in application, saves time and costs and protects the material.
- Thanks to intensive and refreshing perfume, SANET spray leaves a long-lasting and clean scent
- Majorly composed of renewable resources, coming in a bottle made of 100% recycled plastic, SANET spray takes on the responsibility for future generations.
- The environmental-friendly and effective composition of SANET spray allows it to be used safely throughout the entire bath and sanitary area, e.g. hotels, office buildings, public and private facilities.

Area of application

- SANET spray is ideally suitable for maintenance cleaning of wash basins, fittings, tiles, ceramics, showers, etc.
- The product can be used on ABS (Acrylonitrile butadiene styrene), Makrolon® / Polycarbonate (PC) and PLEXIGLAS®/ acrylic glass.
- Also applicable on chrome and brass tapware.
- Do not use on marble or other acid-sensitive materials.

Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserve for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.
