

Sustainable Contribution

- Certified with Cradle to Cradle Certified[®] Gold
- Certified with the European Ecolabel (DE/o2o/382)
- Developed to fulfill the Austrian Ecolabel
- Certified with the Nordic Ecolabel (5026-0250)
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- 87% of organic carbon processed in SANET zitrotan F originates from renewable plant resources

Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAScertified plants in Mainz and Hallein in compliance with the highest quality standards

Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- SANET zitrotan F is formulated from readily biodegradable raw materials

Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO² and crude oil can be saved with Green Care Professional products, visit: get.wmprof.com

Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

Product certificates

Cradle to Cradle Certified[®] is a registered trademark of the Cradle to Cradle Products Innovation Institute

Company certificates of Management Systems

EMAS: Most demanding system for sustainable environmental

DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

SANET zitrotan F

Sanitary cleaner

High performance | Natural power of lemon | Perfume & dye free

Product profile

- SANET zitrotan F is an acid sanitary maintenance cleaner, which contains no colour or perfume. Respecting biological cycles, it cares for people's health and cleaning staff's safety.
- Meanwhile enhancing the work safety, SANET zitrotan F shows outstanding cleaning performance in low use concentrations and effectively removes lime scale, lime soap, water stains and dirt using the natural acid of lemons.
- Due to its viscous formulation, SANET zitrotan F enhances strong adhesion and increased contact time on surfaces providing exceptional cleaning results, leaving surfaces free of streaks and clouding.
- Majorly composed of renewable resources and by the complete waiving of perfume and dye, SANET zitrotan F takes on the responsibility for future generations.

Area of application

- SANET zitrotan F is suitable for the use on all acid-resistant surfaces in the sanitary area.
- Do not use on marble or other acid sensitive materials.

Ingredients, handling, storage and environmental instructions
