

# SOFT fresh

## Fabric softener for last rinse

### Sustainability Information

#### Sustainable Contribution

- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin

#### Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

#### Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- SOFT fresh is formulated from readily biodegradable raw materials

#### Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO<sub>2</sub> and crude oil can be saved with Green Care Professional products, visit: [get.wmprof.com](http://get.wmprof.com)

#### Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

#### Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

#### Product certificates

#### Company certificates of Management Systems

**EMAS:** Most demanding system for sustainable environmental

**DIN ISO 14001:** Internationally recognized environmental management system

**DIN ISO 50001:** Internationally recognized energy management system

**DIN ISO 9001:** Internationally recognized quality management system

**EcoVadis:** Provider of business sustainability ratings

# SOFT fresh

## Fabric softener for last rinse

100% European plant-based | Anti-static effect | Long-lasting perfume

### Product profile

- SOFT fresh is composed of 100% European plant-based surfactants, enhancing environmental responsibility, while making the linen silky and soft.
- Thanks to its formula full of cationic agents, SOFT fresh allows to remove static electricity on linen while enabling a quick and easy ironing and leaving the laundry velvety soft.
- SOFT fresh has a fresh perfume that will last on linen.

### Area of application

- To be used for finishing of textiles in the washing machine.
- Insert SOFT fresh in the final rinse with a pump or in the fabric softener machine drawer.
