

SYSTEM powerKliks

Ultra-concentrated alkaline liquid booster

Sustainability Information

Sustainable Contribution

- Certified with Cradle to Cradle Certified® Gold
- Certified with the European Ecolabel (AT/039/003)
- Developed to fulfill the Austrian Ecolabel
- Registered in the positive list of 'DIE UMWELTBERATUNG'
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- SYSTEM powerKliks with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard
- 25% of organic carbon processed in SYSTEM powerKliks originates from renewable plant resources

Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- SYSTEM powerKliks is formulated from readily biodegradable raw materials

Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO₂ and crude oil can be saved with Green Care Professional products, visit: get.wmprof.com

Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

Product certificates

Cradle to Cradle Certified® is a registered trademark of the Cradle to Cradle Products Innovation Institute.

Company certificates of Management Systems

EMAS: Most demanding system for sustainable environmental

DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

SYSTEM powerKliks

Ultra-concentrated alkaline liquid booster

Ultra concentrated | Highest degreasing power | Water softening ability

Product profile

- Thanks to its high alkalinity SYSTEM powerKLIKS is the ultimate solution to offer outstanding degreasing properties for the removal of persistent stains.
- With anti-greying effect and water softening due to its special composition of complexing agents providing an excellent performance even at 20°C to reduce energy costs.
- SYSTEM powerKliks is ultra-concentrated thanks to its innovative system of fully biodegradable amino acid based sequestering agents as alternative to phosphate, NTA and EDTA reducing weight and packaging material for an economic use and safe handling.
- Optimized as system for energy and resource saving. It has to be used through automatic distribution in combination with an ACTIV detergent or further Kliks products, such as ACTIV perfectKliks.
- Majorly composed of renewable resources, SYSTEM powerKliks takes on the responsibility for future generations.
- KLIKS is a closed system with a clever packaging design providing maximum user safety and hygiene while guaranteeing the complete emptying of the product and a space saving disposal.

Area of application

- Suitable for all types of laundry except silk and wool.
- Suitable for all types of professional washing machines. Only to be used with automatic dosing equipment.
- Use SYSTEM powerKliks according to the dosage instructions and (depending on the water hardness and degree of soil of the laundry). Water hardness information can be provided by your local water company.

Ingredients, handling, storage and environmental instructions
