

SYSTEM tensioplus

Tensio-active liquid agent

Sustainability Information

Sustainable Contribution

- Registered in the positive list of 'DIE UMWELTBERATUNG'
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- SYSTEM tensioplus with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard
- 52% of organic carbon processed in SYSTEM tensioplus originates from renewable plant resources

Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- SYSTEM tensioplus is formulated from readily biodegradable raw materials

Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO₂ and crude oil can be saved with Green Care Professional products, visit: get.wmprof.com

Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

Product certificates

Company certificates of Management Systems

EMAS: Most demanding system for sustainable environmental

DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

SYSTEM tensioplus

Tensio-active liquid agent

Against grease and oil soiling of textiles | Highly concentrated

Product profile

- SYSTEM tensioplus is a special liquid tensio-active agent for all types of industrial textiles and can be used as a sole detergent for low water hardness.
- With its special surfactants, SYSTEM tensioplus was developed especially for cleaning textiles soiled with grease and oil.
- Effective and powerful for cleaning workwear in the kitchen, food processing industry and workshops.
- SYSTEM tensioplus has also been developed for cleaning textiles such as mops and cleaning rags.
- Optimally adapted for use in combination with ACTIV liquid, SYSTEM alca and SYSTEM oxybleach.

Area of application

- Suitable for all types of industrial textiles, water hardness and machine types.
- Optimum performance at temperatures between 40°C and 60°C.
- Intended for automatic dosing.

Ingredients, handling, storage and environmental instructions
