

SYSTEM whiteKliks

Ultra-concentrated laundry bleaching additive

Sustainability Information

Sustainable Contribution

- Certified with Cradle to Cradle Certified® Gold
- Developed to fulfill the Austrian Ecolabel
- Registered in the positive list of 'DIE UMWELTBERATUNG'
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- SYSTEM whiteKliks with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard

Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- SYSTEM whiteKliks is formulated from readily biodegradable raw materials

Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO² and crude oil can be saved with Green Care Professional products, visit: get.wmprof.com

Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

Product certificates

Cradle to Cradle Certified® is a registered trademark of the Cradle to Cradle Products Innovation Institute.

Company certificates of Management Systems

EMAS: Most demanding system for sustainable environmental

DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

SYSTEM whiteKliks

Ultra-concentrated laundry bleaching additive

Low temperature efficiency | Powerful stain remover | Energy saving

Product profile

- SYSTEM whiteKliks achieves a strong bright white effect on linen, due to the efficiency of its special low temperature active oxygen ingredients, removing easily all types of bleachable stains like wine, coffee, tea, etc.
- Thanks to a special combination of sugar based surfactants and bleaching agents, SYSTEM whiteKliks achieves a faster contact to soiling for a powerful stain removal.
- Excellent bleaching performance even at 30°C allows selection of low temperature programs to save energy.
- Optimized as system for energy and resource saving. It has to be used through automatic distribution in combination with an ACTIV detergent or further Kliks products such as ACTIV perfectKliks.
- Majorly composed of renewable resources, SYSTEM whiteKliks takes on the responsibility for future generations.
- KLIKS is a closed system with a clever packaging design providing maximum user safety and hygiene while guaranteeing the complete emptying of the product and a space saving disposal.

Area of application

- Applicable on every type of bleach resistant textiles and especially for textiles that can only be washed at low temperatures i.e. synthetic fibers.
- Suitable for all types of professional washing machines. Only to be used with automatic dosing equipment.
- Adjust pH of washing solution to 8,5 - 9,5 with SYSTEM powerKliks (+- 4g/kg).
- Use SYSTEM whiteKliks according to the dosage instructions (depending on the water hardness and degree of soil of the laundry). Water hardness information can be provided by your local water company.

Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserve for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.

Sales units:

1114349 - 1 x 10 l

pH value

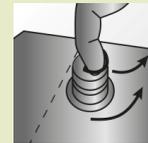

Application and Dosing

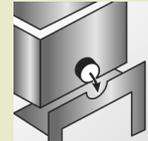

Closed system for maximum user safety and intuitive handling.

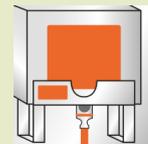

Automatic dosing systems highly recommended.

Remove the safety seal. Open carton at the marked area and insert spout correctly in holder.

Pay attention to colour coding for safe application.

Recycle cardboard box with paper and plastic bag with plastic.
