

WC liquid

Toilet bowl cleaner ocean

Sustainability Information

Sustainable Contribution

- Certified with Cradle to Cradle Certified® Gold
- Certified with the European Ecolabel (DE/020/383)
- Registered in the positive list of 'DIE UMWELTBERATUNG'
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- 86% of organic carbon processed in WC liquid originates from renewable plant resources

Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- WC liquid is formulated from readily biodegradable raw materials

Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO² and crude oil can be saved with Green Care Professional products, visit: get.wmprof.com

Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

Product certificates

Cradle to Cradle Certified® is a registered trademark of the Cradle to Cradle Products Innovation Institute.

Company certificates of Management Systems

EMAS: Most demanding system for sustainable environmental

DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

WC liquid

Toilet bowl cleaner ocean

Safe application | Easy-to-use | Viscous consistency

Product profile

- WC liquid is an acid toilet bowl cleaner, which effectively uses the natural power of citric acid.
- WC liquid shows an optimum cleaning performance. Due to its viscous formula and cleaning performance it removes all common soils from urinals and toilet bowls.
- The special bottle with an angled neck assures a fast, direct, easy and safe application.
- The extraordinary ocean scent ensures a long-lasting freshness in the sanitary area.

Area of application

- WC liquid is suitable for the cleaning of all toilet bowls, urinals and bidet facilities made of ceramic. Not suitable for acid-sensitive surfaces such as marble, lime stone, enamel (especially zircon enamel), acid-sensitive plastic toilet seats and lids as well as acid-sensitive wall and/or floor tiles.

Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserve for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.

Product variants

715810 - 10x 750 ml

pH value

Application and Dosing

Apply under the edge. Wait few minutes (by persistent soiling overnight) brush and rinse.

Maintenance cleaning:

Use undiluted. Leave the solution for a few minutes. Rinse thoroughly with clear water.
