

WC liquid

Toilet bowl cleaner ocean

Sustainability Information

Sustainable Contribution

- Certified with Cradle to Cradle Certified® Gold
- Certified with the European Ecolabel (DE/020/383)
- Registered in the positive list of 'DIE UMWELTBERATUNG'
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration
- With surfactants of renewable plant-based origin
- 86% of organic carbon processed in WC liquid originates from renewable plant resources

Quality & Performance

- More than 30 years of experience in the development of high-performance and integrally sustainable cleaning concepts.
- Our Green Care Professional products are produced exclusively in the EMAS-certified plants in Mainz and Hallein in compliance with the highest quality standards

Safe for humans & environment

- Our formulas and packaging are safe for humans and nature as well as biological and technical cycles when used properly
- WC liquid is formulated from readily biodegradable raw materials

Circular cleaning products

- Production with intensive use of renewable raw materials and energy up to 100% from hydropower, solar and geothermal power
- To find out how much plastic, CO² and crude oil can be saved with Green Care Professional products, visit: get.wmprof.com

Sustainable profitability

- Our intelligent systems and efficient formulas enable precise and economical dosing as well as complete emptying of the packaging
- Comprehensive and consistently practiced philosophy of sustainable management

Comprehensive Service

- As a strategic partner, we offer comprehensive know-how transfer through holistic consulting and support as part of our Green Care Academy
- Customized hygiene plans and cleaning recommendations optimizing your cleaning procedures and thus your business

Product certificates

Cradle to Cradle Certified® is a registered trademark of the Cradle to Cradle Products Innovation Institute.

Company certificates of Management Systems

EMAS: Most demanding system for sustainable environmental

DIN ISO 14001: Internationally recognized environmental management system

DIN ISO 50001: Internationally recognized energy management system

DIN ISO 9001: Internationally recognized quality management system

EcoVadis: Provider of business sustainability ratings

WC liquid

Toilet bowl cleaner ocean

Safe application | Easy-to-use | Viscous consistency

Product profile

- WC liquid is an acid toilet bowl cleaner, which effectively uses the natural power of citric acid.
- WC liquid shows an optimum cleaning performance. Due to its viscous formula and cleaning performance it removes all common soils from urinals and toilet bowls.
- The special bottle with an angled neck assures a fast, direct, easy and safe application.
- The extraordinary ocean scent ensures a long-lasting freshness in the sanitary area.

Area of application

- WC liquid is suitable for the cleaning of all toilet bowls, urinals and bidet facilities made of ceramic. Not suitable for acid-sensitive surfaces such as marble, lime stone, enamel (especially zircon enamel), acid-sensitive plastic toilet seats and lids as well as acid-sensitive wall and/or floor tiles.

Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserve for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.

Sales units:

715810 - 10 x 750 ml

pH value

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

concentrated

Maintenance cleaning

Apply directly into the bowl and under the edge. Leave for a few minutes (overnight for persistent soiling), brush it briefly and rinse.
