

BRILLANT osmosis

Rinse aid for osmosis water

Low dosage | Less foaming | Especially for osmosis water

Technical Information

Product profile

- BRILLANT osmosis reduces drying time and leaves shining dishes and cutlery through its combination of surfactants and alcohol.
- BRILLANT osmosis is best suitable for osmosis water.
- Since no polishing or extra drying is necessary, BRILLANT osmosis allows costs saving and a fast reuse of the material.

Area of application

- Suitable for all types of professional dishwashers.
