

ENERGY unipilot

Powder cartridge for professional dishwashers

Safe & easy | For soft/ medium water | Highly effective

Technical Information

Product profile

- ENERGY unipilot is suitable for all types of water and extremely efficient even with difficult conditions.
- ENERGY unipilot obtains uniform results with no need for further treatment through chlorinated based bleaching agents responsible for the removal of coffee and tea stains.
- Thanks to the alliance of anti-corrosion and anti-foam systems ENERGY unipilot enables a longer lifespan and saves costs.
- ENERGY unipilot is phosphate-reduced and safe and easy to handle due to its closed and compact cartridge system.

Area of application

- For application in commercial/ professional dishwashers.
- Do not apply to aluminum and do not mix ENERGY unipilot with other chemicals.
- The effectiveness of ENERGY unipilot is optimal at 55 – 60°C
- Not recommended for manual use.
- Examine material compatibility before applying to table-ware with decoration.
- Especially adapted to the distribution system "PULSAR PILOT".
