

FOAM-EX

Defoamer

Economical | Anti-foaming

Technical Information

Product profile

- FOAM-EX avoids foaming in waste water tank of extraction devices, water vacuums and autoscrubbers and destroys foam from surfactants and soap residues. Interruptions will be reduced.
- FOAM-EX becomes creamy when it's mixed up with water, thus strengthening the effect.
- FOAM-EX is economical in consumption because it is strongly dilutable.

Area of application

- FOAM-EX is suitable for all waste water containers of spraying extraction devices, water vacuums and auto-scrubbers as well as for injectors, which are connected upstream to waste water containers.

Ingredients, handling, storage and environmental instructions

For the ingredients list, please see the Safety Data Sheet. Product strictly reserved for a professional use. For all information regarding handling, storage conditions and disposal, please see the Safety Data Sheet.
