

RENOVA turbo

Dishwashing Deep Cleaner Powder for Professional Dishwashers

High performance | Easy to apply | Quickly effective

Technical Information

Product profile

- RENOVA turbo is a powerful dishwashing deep cleaner powder for the effective removal of all stubborn food residues such as starch, protein and stains on dish ware, cutlery and in dishwashers.
- RENOVA turbo is easily applied thanks to the included dosing scoop and it acts quickly and effectively.
- Specially dedicated for the deep cleaning of all alkali-resistant dish ware and cutlery after longer time periods.
- The dish ware and cutlery regains its original shine.

Area of application

- Can be used for all types of dishwashers, both in conveyor and single tank machines.
- Suitable for any alkali-resistant dish ware and cutlery.
- Do not use on aluminum or silver tableware and cutlery.
