

SANET lavocid C

Concentrated sanitary maintenance cleaner

Fresh fragrance | Concentrated | Natural citric acid

Technical Information

Product profile

- SANET lavocid C quickly dissolves incrustations of boiler scale, lime and lime soap.
- SANET lavocid C has a very good emulsifying capacity on oily and greasy soils, leaving no streaks.
- SANET lavocid C is based on natural citric acid and can be applied simply and fast.
- Its versatile usage leads to economical consumption.
- Perfect dosing due to dosing bottle. Refillable by refill bag.

Area of application

- All acid-resistant surfaces throughout the bathroom and sanitary sector. Do not use on marble, nylon (polyamide) and acid sensitive email.
