

SANET star

High Performance Sanitary Cleaner and Descaler

Fast | Outstanding performance | Extra fresh scent

Technical Information

Product profile

- The new Sanet star stands out for faster and stronger action against lime scale and a long-lasting fresh fragrance.
- Due to its new, improved formula Sanet star reaches best results, primarily regarding lime scale deposits.
- Additionally, lime soap residues, urine scale, rust, cement dust, skin fat etc. are removed easily
- Thus Sanet star bears all important product values of an effective, economical and time-saving sanitary cleaner.
- At the same time, the material preserving formulation contributes to a value conserving cleaning of all typical soilings in the sanitary area.
- The new fragrance deodorizes efficiently and leaves an intensive and long-lasting pleasant scent.

Area of application

- Suitable for all acid resistant surfaces in the entire bath and sanitary area, for example tiles, chromed armatures, porcelain, stainless steel, stoneware, rubber tiles etc. Not suitable for acid sensitive natural stones (e.g. marble) and acid sensitive surfaces such as enamel and Polyamid.
