

SYSTEM tensioplus

Tensio-active liquid agent

Ultra concentrated | Top performance | For all fibres

Technical Information

Product profile

- SYSTEM tensioplus is a special liquid tensio-active agent for all types of textiles.
- The combination of special surfactants makes SYSTEM tensioplus effective and powerful against grease and oil and therefore particularly suitable for use on heavily soiled textiles.
- SYSTEM tensioplus has been specially developed for use on workwear in kitchens, workshops, health care etc.
- Optimally adapted for use in combination with SYSTEM alca and SYSTEM oxybleach.

Area of application

- Suitable for all types of textiles, water hardness and machine types.
- Optimum performance at temperatures between 40°C and 60°C.
