

TANET multitan

Surfactant free all purpose cleaner

Efficient | Versatile | Low residue

Technical Information

Product profile

- TANET multitan is a highly efficient maintenance cleaner even in low use concentrations. It's especially suited for micro-porous floors, stone ware tiles, textile surfaces as well as stainless steel.
- The powerful and efficient cleaner contains no surfactants, alkalines, acids, enzymes, perfumes as well as no dye and keeps the original appearance.
- TANET multitan is unperfumed and does not cause a bad indoor air pollution.
- Due to the immediate complexing of dirt particles, TANET multitan provides a unique cleaning performance and leaves less residues.

Area of application

- TANET multitan is suitable for the universal use on all waterproof surfaces in administrative districts, wet room areas, food processing areas, in public areas and industry plants.
