

TIMBER natura

Impregnating care product for wooden floors

Impregnating | Protecting | Oil-effect

Technical Information

Product profile

- TIMBER natura is an economical solution that can be used with the standard tools of the contract cleaner.
- TIMBER natura is dedicated to the restoration of worn-out oiled wooden floorings.
- TIMBER natura emphasizes the natural character of the wood and leaves a fresh, natural, silky and high-quality look.
- TIMBER natura is pleasantly perfumed and refreshes colours at once.
- TIMBER natura is absorbed by the wood fibres and provides impregnating effects and enables the delay of a necessary renovation.
- TIMBER natura is also suitable as a primer for LONGLIFE matt.

pH value

Area of application

- TIMBER natura can even be used on oiled as well as on laquered wood such as oak, beech, spruce. For massiv and finished parquet. Do not use on laminate or special treated wood (e.g. fumed oak). For application details see TIMBER easy usage prescription.
