

# ACTIV bicompat

## Sustainable development and production

### EMAS:

- Continuous improvement of environmental performance
- Annual sustainability report
- Energy and water management
- Social Fairness

### DIN ISO 14001:

- Continuous improvement in reducing waste and CO2 emissions, and saving of energy, water and material consumption

### ISO 50001:

- Continuous improvement of energy management: performance, efficiency, security, use and consumption

### A.I.S.E.-Charter:

- Safe and sustainable manufacturing of cleaning products

### DIN ISO 9001:

- Continuous improvement of management processes and customer satisfaction
- Established quality management system in product development and production

## **green-Effective® Ultra Concentrated Laundry Detergent**

### ■ Eco-efficient performance with eco-effective product design

User and environmental safety at the highest cleaning performance

- Certified with the European Ecolabel (NL/006/009)
- Registered in the positive list of "DIE UMWELTBERATUNG"
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration

### Complete biodegradability

- ACTIV bicompat with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard\*

\*for more information please visit [www.wmprof.com](http://www.wmprof.com)

### Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Production widely independent of crude oil: 64% of organic carbon processed in ACTIV bicompat originates from renewable plant resources which enables a production that is widely independent of crude oil
- Active water stewardship maintaining an own fresh and waste water treatment

### Ingredient declaration

For the ingredients list, please see the Safety Data Sheet

### Traditional German quality - driving your durable business development

- More than 30 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

### Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

# ACTIV bicompact

## green-Effective® Ultra Concentrated Laundry Detergent

- High performance ■ Long lasting perfume ■ Ultra concentrated

### Product profile

- ACTIV bicompact ensures a high washing performance even at 20°C allowing to save up to 60 % electricity costs and time due to shorter washing cycles. Respecting the biological cycles, it cares for people's health and cleaning staff's safety.
- Thanks to its oxygen-based bleaching agent and exclusive formulation with a stain removing complex based on a quintuple bio-enzyme system, ACTIV bicompact provides outstanding cleanliness and intense freshness.
- Meanwhile enhancing the work safety, ACTIV bicompact offers a very convenient refillable and reusable eco-drum, which can be stocked and closed while guaranteeing an easy handling.
- Majorly composed of renewable resources, ACTIV bicompact takes on the responsibility for future generations.

### Area of application

- ACTIV bicompact is suitable for all white and colored clothes (excepting wool and silk), both for machine and hand washing.
- ACTIV bicompact is a double concentrated powder – 10 kg equates to 20 kg of a traditional detergent. With a minimum dosage of 5g/kg dry linen it is possible to wash up to 2 tons dry linen (soft water/low soil level).

### Product safety, storage and environmental instructions

**Safety:** For professional use only. Keep away from children. Do not mix with other products. Test material compatibility before use. For further information, see Safety Data Sheet.

**Storage:** Store at room temperature in the original container.

**Environmental:** Only give complete emptied packaging to special waste disposal. Proper dosage saves costs and minimizes environmental impacts. Wash at the lowest possible temperature. Always wash with full load.

### Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

7 kg	10 kg	15 kg	20 kg
