makes the difference

ACTIV delicat

green-Effective® Liquid detergent for delicate textiles

- Gentle to fabrics ■ Suitable for manual washing ■ Protecting effect

Product profile

- ACTIV delicat is a fibre gentle detergent for delicate textiles. Respecting the biological cycles, it cares for people's health and cleaning staff's safety.
- The formulation gently cleans with natural almond oil, protects the wool during the washing process and cares for delicate and sensitive fabrics.
- ACTIV delicat offers highest material compatibility and is free of bleaching agents or optical brighteners.
- ACTIV delicat is dermatologically tested and as it excludes dyes, phosphates it is perfectly suitable for manual washing.
- Majorly composed of renewable resources, ACTIV delicat takes on the responsibility for future generations.

Area of application

- ACTIV delicat has been designed to wash all delicate textile such as wool, silk, viscose, acetate, elastic and synthetic fabrics. It is suitable for the temperature range 20-60°C.
- Use ACTIV delicat according to the dosage instructions and wash the clothes without prewash (depending on the water hardness and degree of soiling of the laundry).
- The water hardness can be provided by your local water company.

Product safety, storage and environmental instructions

Safety: For professional use only. For further information, see Safety Data Sheet.

Storage: Store at room temperature in the original container.

Environmental: For maximum effectiveness always use the correct dosage and lowest recommended temperature. This will minimize both energy and water consumption and reduce water pollution.
