High performing laundry detergent – long-lasting **Green-Effective**[®] fragrance

Fresh scent Whiteness from 30°C EU-Ecolabel certified

Product profile

- ACTIV intense is a specially designed detergent for all textiles providing bright white linen and fresh scent.
- The combination of biodegradable surfactants and sequestering agents enables an effective cleaning of all textiles even in low temperatures (from 30°C to 60°C) and contributing to an efficient washing result.
- With its natural enzymatic formula ACTIV intense delivers bright white linen and easily removes almost all kinds of stains.
- Its carefully selected fragrance according to the EU-Ecolabel criteria provides the textiles with a long-lasting fresh scent.
- ACTIV intense is certified with the EU Ecolabel and the formulation contains a high content of renewable ingredients and a plant-based surfactant system.
- Mainly composed of renewable sources, ACTIV intense takes on the responsibility for future generations.

Area of application

- Suitable for all textiles (except wool and silk) and for all types of professional or domestic washing machines.
- ACTIV intense is a concentrated powder

Product safety, storage and environmental instructions

Safety: For professional use only. For further information, see Safety Data Sheet. Storage: Store at room temperature in the original container. Environmental: Only give complete emptied packaging to special waste disposal. For maximum effectiveness always

use the correct dosage and lowest recommended temperature. This will minimize both energy and water consumption and reduce water pollution.
