

## APESIN kitchen QUICK

### Foaming disinfectant kitchen cleaner

Hygienic Safe

#### Highly efficient

#### **Product Profile**

- Disinfectant kitchen cleaner with a broad activity against bacteria, and yeast in the food area.
- APESIN kitchen Quick & Easy ensures effective disinfecting and cleaning results in one step.
- The highly concentrated formulation minimizes transport weight, and leads to a lower inventory.
- The Quick & Easy portable dosing system offers accurate and safe dosage.
- Free of dye, and perfume.
- By the abandonment of ingredients such as aldehyde, phenol, alcohol, and chlorine there is no odour nuisance.
- No aerosol thanks to innovative foam solution and therefore perfectly suitable in large-scale areas.
- Being CLP-free in application, it offers maximum user-safety.

#### Area of application

- APESIN kitchen Quick & Easy is suitable for hard surfaces in the food area, e.g. kitchen, canteens, restaurants, and food processing industry.
- Safe for food contact in accordance with contact alimentaire.
- High compatibility on common plastic materials, e.g. PMMA/Polymethyl methacrylate Plexiglas 8N, POM/Polyoxymethylene Hostaform type C 9021, type 13021.
- Excellent compatibility on electroplated surfaces, such as chrome, stainless steel, and brass, as well as on glass.

#### **Application note**

- Use separate trigger per APESIN product and use sticker for differentiation.
- Apply foam onto a cloth and completely wet the surface.
- Moisten the cloth sufficiently with APESIN kitchen Quick & Easy in order to guarantee appropriate wetting of the
- Allow the solution to work for at least 1 minute.
- Areas with direct food contact must be rinsed with drinking water after use of APESIN kitchen Quick & Easy.
- For detailed information see next page: Standards & Spectrum of activity.
- We recommend to empty the water bottle after a working day, and to refill the bottle with fresh water before next

#### **Application and Dosing**

Use separate trigger for APESIN kitchen Quick & Easy.

Dose in relation to application. Follow below instructions.

Empty water bottle after a working day.

Ideal for application on surfaces in kitchen

predefined dosing

#### **Ingredient declaration**

Ingredients per 100g: 2,45g DIDECLYDIMONIUM CHLORIDE, <5% Non-ionic surfactants

#### Sustainable development and production
