Traditional German quality - driving your durable business development

- More than 30 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

ENERGY ultra

green-Effective® Hard water detergent for professional dishwashers

- High performance ■ EU-Ecolabel certified ■ For hard water

Product profile

- ENERGY ultra is an excellent detergent for dishwashers with a high cleaning performance, specially in hard water and under extreme conditions, while respecting highest sustainability standards due to an innovative and sustainable complexing system without NTA, EDTA and Phosphates.
- Thanks to its high concentration ENERGY ultra allows low dosing, making the detergent effective and cost saving.
- Due to its intensive and powerful cleaning agents ENERGY ultra is suitable for dishes, glasses, cutlery and cookware and guarantees perfect degreasing as well as elimination of tea and coffee stains and burnt residues.
- In order to preserve dishes and machines, ENERGY ultra enables a gentle washing process and extends machines life span due to its special lime deposits preventing formula.
- Outstanding cleaning results when used in combination with BRILLANT ultra.
- Majorly composed of renewable resources, ENERGY ultra takes on the responsibility for future generations.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

1-4 g/L

automatic dosing systems highly recommended.

Application area:
Suitable for all types of dishwashing machines.

for heavy soiling.
