

ENERGY uni

Medium water detergent for professional dishwashers

- Highly degreasing ■ Medium water ■ Concentrated

Product profile

- Due to its excellent cleaning performance in soft to medium hard water, ENERGY uni allows cost and time saving.
- ENERGY uni is intensive and powerful for dishes, glasses, cutlery and cookware due to its cleaning agents.
- ENERGY uni has an optimal balance between degreasing and sequestering properties.
- In order to obtain uniform results, ENERGY uni degreases perfectly, prevents lime deposits and makes water soft by complexing water hardness.

Area of application

- For all types of dishwashing machines e.g. big ribbon and single-tank machines.
- Applicable for all alkali-resistant dishes and cutleries.
- Do not use for dishes and cutleries made of aluminum and silver.
