

INOXOL care

Care product for stainless steel

- One-step cleaning ■ Care & polish ■ Less re-soiling

Product profile

- Excellent care, polish and protection for all metal surfaces in one step e.g. stainless steel and anodic aluminium.
- INOXOL care quickly removes light residues, discolorations, streaks and spots.
- The product leaves the treated surface with a uniform and shiny appearance without leaving oily / greasy residues.
- INOXOL care does not contain abrasives or polishing agents, therefore no risk of scratches.
- Special care components protect metal surfaces lastingly from water stains and dust and delay the usual re-soiling, metal oxidation and discoloring.
- Easy and safe application due to the trigger bottle (ready to use).

Area of application

- Suitable for all metal surfaces (except kitchen sink) like stainless steel, anodic aluminium or brass.
- Also suitable for steel-furniture, counters, doors, elevators, mouldings, window frames and fittings.
- Do not use on kitchen sinks.

Ingredient declaration
