

LONGLIFE B250

Multipurpose emulsion polish

■ Protection ■ Care ■ Cleaning

Product profile

- LONGLIFE B250 has versatile properties which reduce additional handling, time and costs.
- LONGLIFE B250 forms a low-slip (according to DIN51131), robust protective layer with a light silk shine.
- Suitable for all waterproof floorings, especially where a non-slip finish is required.
- LONGLIFE B250 protects floorings against wear and tear and produces a preservation of the original floorings with the combination of cleaning and care.
- The particular formula of LONGLIFE B250 is suited as maintenance cleaner and is easy and quick in application.
- Occasional polishing (400–1000 UPM) enhances the look and compacts the applied protection film which extends the durability of the surface.

Area of application

- LONGLIFE B250 is excellently applicable on individual types of flooring which can be coated, like for example PVC, linoleum, elastomer coverings etc.
- Do not use on unsealed wood and polished stone floorings.
- Excellently suitable for schools, administrative areas, warehouses and industry.

Ingredient declaration
