

# LONGLIFE diamond

## **green-Effective® Long-lasting, high gloss emulsion polish**

### ■ Eco-efficient performance with eco-effective product design

User and environmental safety at the highest cleaning performance

- Developed to fulfil the Austrian Ecolabel
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration

### Sustainable development and production

#### EMAS:

- Continuous improvement of environmental performance
- Annual sustainability report
- Energy and water management
- Social Fairness

#### DIN ISO 14001:

- Continuous improvement in reducing waste and CO2 emissions, and saving of energy, water and material consumption

#### ISO 50001:

- Continuous improvement of energy management: performance, efficiency, security, use and consumption

#### A.I.S.E.-Charter:

- Safe and sustainable manufacturing of cleaning products

#### DIN ISO 9001:

- Continuous improvement of management processes and customer satisfaction
- Established quality management system in product development and production

### Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Active water stewardship maintaining an own fresh and waste water treatment

### Ingredient declaration

For the ingredients list, please see the Safety Data Sheet

### Traditional German quality - driving your durable business development

- More than 30 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

### Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

# LONGLIFE diamond

## **green-Effective® Long-lasting, high gloss emulsion polish**

- Long-lasting ■ High gloss ■ Easy application

### Product profile

- LONGLIFE diamond is a high gloss and resistant emulsion polish which protects the flooring and is wear and tear resistant.
- The time- and cost-saving LONGLIFE diamond is recommended wherever an excellent look or a durability of the protection film is desired.
- The high-performance care components used in this product guarantee the best slip resistance even with heavy use.
- LONGLIFE diamond with its uniform look is highly resistant to heel marks and soils even during highest strains.
- The high-speed-polishing increases the durability and furthermore it reduces resoiling and enables lasting cleanness.
- LONGLIFE diamond is fast and simple in the processing, shows an excellent flow and an appealing high gloss.
- By the complete abandonment of hazardous ingredients such as zinc, TBEP, perfume, and fluorinated levelling agents, LONGLIFE diamond takes on the responsibility for future generations.

### Area of application

- LONGLIFE diamond belongs to the hard/strong, extremely durable polymer dispersions and is very suitable for the maintenance of PVC, linoleum, specific plastic coverings etc.
- Do not apply on unsealed wood and polished stone floors.

### Product safety, storage and environmental instructions

**Safety:** For professional use only. For further information see Safety Data Sheet.

**Storage:** Store at room temperature in the original container. Keep from freezing.

**Environmental:** Only give completely emptied container to special waste disposer.

### Application and Dosing

Dose in relation to application. Follow below instructions.

**Floor preparation:** strip the floor, remove all dirt and old dispersion layers.

concentrated

**Initial treatment:** apply 2-3 thin and uniform layers. Drying time between the applications at least 30min.

**Large areas:** work in sections and apply wet in wet. Usage: approx. 2 L / 100 m<sup>2</sup>.

200 mL/L

**Coating refreshment:** remove slight scratches using the spray-cleaner-method and a highspeed machine with red pad.

After awaiting the fair drying time (one day) polish with Ultra High-Speed-Method (>1000 U).
