- Increased service value and strengthened company reputation

makes the difference

# MANUDISH evoKliks

## **green-Effective®** Ultra concentrated manual dishwashing liquid

■ Outstanding performance ■ Saving packaging waste ■ Safe

### Product profile

- MANUDISH evoKliks is a liquid detergent suitable for the manual cleaning of all kitchen utensils and preserving the life span of materials.
- The excellent degreasing properties, thanks to the formula's surfactant-combination, ensure an effortless dishwashing process.
- Its powerful formulation makes MANUDISH evoKliks suitable even for a quick soaking of incrustated and burnt fat residues, thus enhancing a time-saving cleaning process.
- The eco-effective development with the latest sustainable formulation options contributes to the preservation of human health and nature.
- MANUDISH evoKliks is part of the Kliks system which allows a controlled dosing for maximum application safety, a full cost-control and an attractive cost-in-use.

### Application and Dosing

To be used with dosing equipment.

Dose in relation to application and degree of soil. Follow below instructions.

0,5-1 ml/5l

1-1,5 ml/5l

### Area of application

- Suitable for manual dishwashing in combination with a hand pump for safe and accurate usage.
- Do not use in dishwashers.
- Soak kitchen utensils to be cleaned and wash with cloth, brush or scouring pad.

### Product safety, storage and environmental instructions

**Safety:** For professional use only. Test material compatibility before use. For further information, see Safety Data Sheet.

**Storage:** Store at room temperature in the original container.

**Environmental:** Only give completely emptied packaging to special waste disposer. For maximum effectiveness always use the correct dosage. This will minimize water consumption and reduce water pollution.
