- Active water stewardship maintaining an own fresh and waste water treatment

Ingredient declaration

For the ingredients list, please see the Safety Data Sheet

Traditional German quality - driving your durable business development

- More than 30 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

MANUDISH zero%

green-Effective[®] Manual dishwashing liquid

- Effective ■ Skin friendly ■ CLP-free

Product profile

- MANUDISH zero% is an ecological, intensive cleaning dishwashing detergent. Respecting the biological cycles, it cares for people's health and cleaning staff's safety.
- CLP-free due to its particular tenside composition for highest user safety while ensuring high effectiveness.
- The complete abandonment of perfume and dye ensures highest standards for effective and discreet dish washing results.
- Dermatologically tested with caring urea for a skin friendly use and highest end user tolerance.
- Majorly composed of renewable resources, MANUDISH sensitive takes on the responsibility for future generations.

Area of application

- MANUDISH zero% is used for manual dishwashing.
- Not suitable for dishwashers.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

3 ml/5L

For light soiling: apply 1 splash.

5 ml/5L

For heavy soiling:

wash the dishes with a brush or a sponge in the cleaning solution.

Put the dishes in an upright position and let them drip dry.

Product safety, storage and environmental instructions

Safety: For professional use only. For further information, see Safety Data Sheet.

Storage: Store at room temperature in the original container.

Environmental: Dispose of container into the collection of recyclables only when it is completely empty. For maximum effectiveness always use the correct dosage. This will minimize water consumption and reduce water pollution.
