

NOWA grease-ex

Industrial cleaner for food industry

- Strong degreaser
- Low foaming
- Odorless

Product profile

- NOWA grease-ex is a powerful degreaser which effectively dissolves oils and mineral, vegetable and animal grease.
- It is perfectly suitable for cleaning floors and industrial equipment (not aluminum) in the cutting and meat processing, production halls, food industry and institutional kitchens.
- As it is low foaming, it is suggested for automatic machines as well as manual use.
- NOWA grease-ex is odorless and therefore has a neutral smell during usage.

Area of application

- Do not use on linoleum, non-vitrified or textile flooring and alkali sensitive materials (e.g. aluminum).
- Suitable for water- and alkali-resistant floors and surfaces in factories, workshops, garages, etc.
- Floor cleaning: dilute NOWA grease-ex according recommended dosing. Scrub and absorb at once (for heavy soiling let work on a few minutes).
- Rinse with clean water after use.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.
