*for more information please visit www.wmprof.com

Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Production widely independent of crude oil: 58% of organic carbon processed in SANET extreme zero% originates from renewable plant resources which enables a production that is widely independent of crude oil
- Active water stewardship maintaining an own fresh and waste water treatment

Ingredient declaration

For the ingredients list, please see the Safety Data Sheet

Traditional German quality - driving your durable business development

- More than 30 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

makes the difference

SANET extreme zero%

green-Effective® High performance sanitary cleaner and descaler

- Supreme lime dissolving
- Extremely fast
- Natural easy to clean effect

Product profile

- High performance sanitary cleaner without color and perfume.
- With its innovative formulation SANET extreme zero% reaches proven top scores in terms of lime dissolving and removes lime deposits and incrustations extremely fast.
- Also typical soillings in the sanitary area such as lime soap, urine scale, cosmetic residues or rust are removed effortlessly.
- A natural easy-to-clean effect is reached by effective and residue-free removal of mineral and organic soillings. Thus water can run off consequently from sanitary objects, fittings and surfaces.
- Makes sanitary surfaces shine without reworking.
- By its material tolerant formulation SANET extreme zero% contributes to a value-preserving cleaning of all typical fixtures and fittings such as chrome fittings, ceramic tiles, porcellaine objects etc.
- SANET extreme zero% offers all the benefits of an effective, economic and time-saving sanitary cleaner.

Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

2,5 ml/l 10 ml/l 25 ml/l

2,5-25 ml/L

Maintenance cleaning: Wipe the surface wet or damp with a clean cloth.

Manual floor cleaning: Mop the floor with a clean mop.

Open floor surfaces: Can be applied in auto-scrubbers.

concentrated

Deep cleaning, descaling, persistent soiling, toilet cleaning: Use undiluted. Leave the solution for a few minutes. Rinse thoroughly with clear water.

Joint of tiles to be wettened before using the product undiluted.

Area of application

- Suitable for all acid resistant surfaces in the entire bath and sanitary area, for example tiles, chromed armatures, porcelain, stainless steel, stoneware, rubber tiles etc.
- Not suitable for acid sensitive natural stones (e.g. marble) and acid sensitive surfaces such as enamel and Polyamid.
- Test material compatibility before use, particularly on plastics. Rinse with fresh water, particularly if used in concentrated application.

Product safety, storage and environmental instructions

Safety: For professional use only. For further information see Safety Data Sheet.

Storage: Store at room temperature in the original container. Store in upright position only.

Environmental: Dispose of container into the collection of recyclables only when it is completely empty. For maximum effectiveness always use the correct dosage. This will minimize water consumption and reduce water pollution.

Concentrated product: The product is not intended for large-scale cleaning.
