green-Effective® High-concentrated sanitary cleaner

■ Saving packaging waste ■ Outstanding performance ■ Safe application

Product profile

- SANET intenseKliks is the highly performing maintenance cleaner and descaler with exceptional environmental properties.
- Thanks to the special developed formulation best cleaning results can be achieved at the first application by minimizing cleaning time and costs.
- Majorly composed of renewable resources, SANET intenseKliks takes on the responsibility for future generations.
- KLIKS is a closed system with a clever packaging design providing maximum user safety and hygiene while guaranteeing the complete emptying of the product and a space saving disposal.

Area of application

- SANET intenseKLIKS is suitable for the use on all acid-resistant surfaces in the sanitary area.
- Do not use on marble or other acid sensitive materials.
- Do not use concentrated product on plastics.
- To be used in combination with a dosing system to ensure a safe and accurate usage.

Product safety, storage and environmental instructions

Safety: For professional use only. Test material compatibility before use. For further information, see Safety Data Sheet.

Storage: Store at room temperature in the original container.

Environmental: For maximum effectiveness always use the correct dosage. This will minimize water consumption and reduce water pollution.
