

# SANET perfect

## **Sanitary cleaner and descaler**

### ■ Eco-efficient performance with eco-effective product design

#### User and environmental safety at the highest cleaning performance

- First Cradle to Cradle® Gold certified range in the cleaning industry\*
- Certified with the European Ecolabel (DE/020/382)
- Registered in the positive list of "DIE UMWELTBERATUNG"
- Complete abandonment of toxic and harmful materials
- Outperforms other products at lower use concentration

Cradle to Cradle Certified® is a certification mark licensed by the Cradle to Cradle Products Innovation Institute. The product has been Cradle to Cradle Certified® at the Gold level, packaging meets Silver level requirements.

#### Complete biodegradability

- SANET perfect with all its ingredients is totally biodegradable and has proven this important property in an accredited mineralization test according to OECD 302 B standard\*

\*for more information please visit [www.wmprof.com](http://www.wmprof.com)

#### Intensive use of renewable resources – continuous increase of the reutilisation score

- Production under extensive use of renewable raw materials and energy using to 100% hydroelectric, solar and geothermic power
- Production widely independent of crude oil: 87% of organic carbon processed in SANET perfect originates from renewable plant resources which enables a production that is widely independent of crude oil
- Active water stewardship maintaining an own fresh and waste water treatment

#### Ingredient declaration

<5% anionic surfactants (sodium alkyl sulfate), non-ionic surfactants (fatty alcohol EO adduct), perfumes  
Specific ingredients: water, citric acid, methansulfonic acid, food colour (E 124)

#### Traditional German quality - driving your durable business development

- More than 30 years pioneer in sustainable product development
- Smart hygiene solutions ensuring profitable growth
- Trusted brand

#### Professional user training and on-site support for Sustainable Hygiene Solutions

- Comprehensive knowledge transfer through qualified cleaning consultants
- Customized hygiene plans and cleaning recommendations optimizing your business and cleaning procedures
- Increased service value and strengthened company reputation

#### Sustainable development and production

##### EMAS:

- Continuous improvement of environmental performance
- Annual sustainability report
- Energy and water management
- Social Fairness

##### DIN ISO 14001:

- Continuous improvement in reducing waste and CO2 emissions, and saving of energy, water and material consumption

##### ISO 50001:

- Continuous improvement of energy management: performance, efficiency, security, use and consumption

##### A.I.S.E.-Charter:

- Safe and sustainable manufacturing of cleaning products

##### DIN ISO 9001:

- Continuous improvement of management processes and customer satisfaction
- Established quality management system in product development and production

# SANET perfect

## green-Effective® Sanitary cleaner and descaler

■ User safety ■ Outstanding performance ■ Low cost-in-use

### Product profile

- SANET perfect is the highly performing maintenance cleaner and descaler with exceptional environmental properties. Respecting the biological cycles, it cares for people's health and cleaning staff's safety.
- Meanwhile enhancing the work safety, the extraordinary power of SANET perfect assures outstanding cleaning performance with minimal efforts.
- The new patent pending combination of surfactants and acids lowers the product consumption and increases the productivity. This formulation is developed to achieve the best cleaning results at the first application and reduces the cleaning time and costs.
- Majorly composed of renewable resources, SANET perfect takes on the responsibility for future generations.

### Area of application

- SANET perfect is suitable for the use on all acid-resistant surfaces in the sanitary area.
- Do not use on marble or other acid-sensitive materials.
- Do not use concentrated product on plastics.

### Product safety, storage and environmental instructions

**Safety:** For professional use only. Keep away from children. Do not mix with other products. Test material compatibility before use. For further information, see Safety Data Sheet.

**Storage:** Only store in original container.

**Environmental:** Only give completely emptied packaging in the recommended waste container. Proper dosing saves costs and minimises environmental impact.

#### Application and Dosing

Dose in relation to application and degree of soil. Follow below instructions.

**Maintenance cleaning:** Wipe the surface wet or damp with a clean cloth.

**Manual floor cleaning:** Mop the floor with a clean mop.

**Open floor surfaces:** Can be applied in auto-scrubbers.

**Descaling, persistent soiling, toilet cleaning:** Use undiluted. Leave the solution for a few minutes. Rinse thoroughly with clear water.

Joint of tiles to be wetted before using the product undiluted.
